The Pasta Monster stampedes
through Queen Isla's kingdom, causing confusion . . .
. . . creating calamity . . .
. . . and crushing everything it comes across.
KITTEN ORPHANAGE
It's CHAOS!
Queen Isla looks around for help. But:
Princess Sunbeam scrams.
Princess Sapphire scoots.
Princess Serenity skedaddles.
The Pasta Monster
is INVINCIBLE!

KAZAM!
Everything's back
to the way it was,
right at the beginning.
Well, almost.

QUEEN ISLA
KAZAM!
Isla is now Queen Isla.
Everyone bows and curtsies,
calling her Your Majesty.
She can have anything she wants
– and nobody can tell her
what to do.

Queen Isla claps
her hands together,
and tucks in.
She's **never** been happier.

'And your next wish?'
says the Genie.
Now, Queen Isla loves princesses.
She loves princesses almost as much as
she hates being told what to do.
'I wish . . .' says Queen Isla,
'that my kingdom was
a playground for **princesses**!'
'Are you *sure*?'
'Sure I'm sure!'
